

My name is **Zuzana Hanobíková**. I come from a far away, yet beautiful town in the east part of Slovakia called Prešov, currently living in Bratislava. I graduated from Pedagogical Academy in Prešov, where I gained a lot of information and knowledge I currently use in practice. Afterwards I completed a bachelor's degree program in preschool and elementary pedagogy at the University of Prešov. I finished my master's degree at Trnavská Univerzita in 2021.

During my master's studies I joined Benjamin Preschool in 2018 and have been working at the the Pezinok location ever since. I love children. Working with them enriches me because every child is exceptional. In Benjamin Preschool, I'm fulfilling my dream of being a teacher. I've been teaching all age groups various subjects in the English language with a special focus on the Slovak language with kindergarteners, following the Elkonin curriculum.

I love art and music and I cannot imagine my life without it. These are my favorite subjects at preschool and I especially enjoy creating unique songs for children. I've been playing the piano since I was 7 years old. I also like hiking, cycling, walking, and exploring new creative things.

I'm excited for the opportunity to join Benjamin Senec location and bring my love for children and teaching to all the bright students there.
