

My name is **Michelle Manyeza**. I am from Zimbabwe. I've been living in Vienna for the past nine years, which has afforded me the opportunity to frequently travel to Slovakia.

I am thrilled to be joining the Benjamin Preschool teaching staff in the next school year! I received my TEFL- TP (Teaching English as a Foreign Language through Theater and Play) training in Italy and have since had the pleasure of teaching English to children in various schools around Italy over the years. I have also worked with children in Germany and Austria. Working with children who stem from varied linguistic backgrounds, has made me sensitive to the positive impact that a creative and nurturing classroom can have in eliminating the common anxiety that can accompany language learning.

I am absolutely looking forward to the start of a creative, educational and fun school year with my new class at Benjamin Senec Gardens!
