

Hi, my name is **Zuzana Horáková** (known as Suzy to children). Benjamin is a place where I started as a teacher in 2009 and had two breaks during my maternity leaves. Being back is very exciting to also get the opportunity to teach sibling of children that I used to teach before. Let me introduce myself a bit more before we get to see each other in person: I am 37 years old and I live in Pezinok with my whole family. With my husband we have two children – two boys (the older one, Martin graduated from Benjamin and now is a second grader) and the younger Oliver is a Benjamin student now.

I graduated from the Faculty of Education in Trnava in 2009. Right after my studies I started working at Benjamin. It was definitely my destiny to become a preschool teacher. My preschool teachers used to say about me that and I also always looked after children and played with them on my street :).

I love to have children around, see them grow, have fun together, teach and learn from each other. Except of my love for children I love to move - dance, go running, walking in the forest, cycle, swim. If there is a little time left, I like to read, too.
