

My name is **Oľga Syrová** and the kids call me Olinka

I started at the Benjamin kindergarten after my stay in Quebec (Canada), where I lived, worked, and gained international experience in a so-called "Garderie" – a kindergarten. After returning to Slovakia, I was looking for a preschool with an international program, and in 2017, I joined Benjamin in Senec. It was an excellent step in my professional life.

In 2004, I completed my external university studies in early childhood education at the Faculty of Education of Comenius University. I continued my pedagogical education by taking various courses and later worked as an instructor for courses for beginner teachers and Slovak-speaking teachers abroad.

I have two children; my daughter lives in Canada, where my grandchildren are growing up, and my son has been working and living in Zurich for a long time. I alternate my vacations between my children.

I chose a profession I dreamed of as a child; I don't just work, I live my dream every day. I love movement, sports, dance, and adventure. In my youth, I was actively involved in sports, and I pass this passion on to the children, for whom movement is the most natural activity. "Adventures are the best way to learn." We offer them daily at Benjamin.
